

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	1	37	"Terms and Conditions of License for Unconstructed Major Project Affecting Lands of the United States" designated L-2 -and- "Terms and Conditions of License for Unconstructed Major Project Affecting Navigable Waters and Lands of the United States" designated L-6.	June 17, 1957	FEDERAL POWER COMMISSION		
1	2	5	Order Issuing License (Major) and Dismissing Application for Preliminary Permit. Application was filed July 28, 1955 by SMUD for a license for a proposed water power development designated as Project No. 2101, to be known as the Upper American River project and located on Rubicon River and tributaries, Silver Creek and tributaries, and South Fork of the American River, in El Dorado County, California, and affecting lands of the United States within Eldorado National Forest.	August 28, 1957	FEDERAL POWER COMMISSION		
1	3	5	Order No. 205 ~ Docket No. R-129 - Amending Section 11.20 of Regulations Under The Federal Power Act. Amendment to Part II of Subchapter B of the Regulations Relating to Annual Charges Prescribed for Licensees Under the Provisions of the Federal Power Act.	June 6, 1958	FEDERAL POWER COMMISSION		R-129
1	4	1	Order Approving Project Exhibit and Supplement Thereto. On August 8, 1958 SMUD, licensee for major Project No. 2101, filed for Commission approval Exhibit K-3C, together with an 8-page supplement thereto. The exhibit delineates the project boundary for the Ice House Reservoir and the supplement gives the metes and bounds description of such project boundary.	November 10, 1958	FEDERAL POWER COMMISSION		

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	5	2	Order Approving Revised Exhibits ~ SMUD filed on March 14, 1958, with supplemental filings on April 28, July 11, and 25, 1958, revised Exhibit L drawings for Ice House dam and dikes and Jaybird tunnel, penstocks and powerhouse, and Exhibit M for the Jaybird power plant. Article 26 of the license herein required the licensee to submit drawings showing the final design of the project structures.	February 27, 1959	FEDERAL POWER COMMISSION		
1	6	1	Order Approving Revised Exhibit ~ Filed on March 23, 1959 for Commission approval revised Exhibit L drawings for the Jaybird tunnel intake structure and the Junction dam, the location of which structures is shown on Exhibit L-6A-1 (FPC No. 2101-33) not part of the license.	April 10, 1959	FEDERAL POWER COMMISSION		
1	7	1	Errata Notice ~ Order Approving Revised Exhibit (Issued April 10, 1959).	May 6, 1959	FEDERAL POWER COMMISSION		
1	8	2	Order Approving Revised Exhibit Drawings ~ Revised Exhibit L drawings showing the Union Valley Dam.	July 9, 1959	FEDERAL POWER COMMISSION		
1	9	2	Order Approving Revised Project Exhibit Drawings ~ Revised Exhibit L drawings for the Camino tunnel extending from the forebay of the Camino dam located downstream from the Jaybird powerhouse to the Camino powerhouse.	September 14, 1959	FEDERAL POWER COMMISSION		
1	10	1	Order Approving Revised Exhibits ~ Filed on October 26, 1959, for Commission approval and inclusion in the license for the project the following revised Exhibit K and pursuant to Article 26 of the license for the project the following revised Exhibit L drawings showing the Camino dam.	November 13, 1959	FEDERAL POWER COMMISSION		

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	11	2	Order Approving Revised Exhibits and Adjusting Authorized Installed Capacity ~ filed on March 28, 1960 with a supplemental filing on April 25, 1960, for Commission approval and inclusion in the license for the project the following-described revised Exhibit M and pursuant to Article 26 of the license for the project the following described revised Exhibit L drawings pertaining to the Camino tunnel, penstock and power plant.	June 8, 1960	FEDERAL POWER COMMISSION		
1	12	2	Order Further Amending License (Major) ~ The amendment sought would relocate and enlarge the authorized Robbs Peak tunnel, delete from the license the authorized Sawmill dam and reservoir, and substitute for the latter: the Robbs Peak Diversion Dam and Reservoir upstream on the South Fork of Rubicon River which will divert water into the relocated Robbs Peak tunnel; the Gerle Diversion Dam and Reservoir; and the Gerle Canal connecting Gerle Reservoir and Robbs Peak Reservoir.	June 17, 1960	FEDERAL POWER COMMISSION		
1	13	1	Order Permitting Intervention ~ PG&E filed a protest and petition for leave to intervene in the proceeding involving an application filed by SMUD, for amendment of its license for Project No. 2101 to include therein its proposed White Rock Division of Project No. 2101, to be located on the South Fork of American River in the region of Placerville, Camino and Pollock Pines.	September 12, 1960	FEDERAL POWER COMMISSION		

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	14	2	Order Permitting Intervention ~ On May 20, 1960, County of El Dorado and El Dorado County Water Agency, filed a joint protest and petition for leave to intervene in a proceeding involving an application filed by SMUD for a license for proposed Project No. 2155, designated by applicant as "White Rock Division".	September 19, 1960	FEDERAL POWER COMMISSION	A few words in document are not very clear.	
1	15	1	Order Approving Project Exhibits and Supplement Thereto ~ On December 3, 1959 SMUD filed for commission approval Exhibit K-4B-1, together with a 45-page supplement thereto designated "Tabulation of Union Valley High Water Line Traverse", and Exhibit K-4B-2. On July 28, 1960, the licensee filed Exhibit K-4B-1A to replace Exhibit K-4B-1. On October 31, 1960, the licensee filed a 14-page supplement to Exhibits K-4B-1A and K-4B-2 designated "Project boundary description of Union Valley and Junction Reservoirs".	December 21, 1960	FEDERAL POWER COMMISSION	A very dark line in the middle of the copy.	
1	16	2	Order Further Amending License (Major) ~ The Commission by order issued June 17, 1960, 23 FPC 815, amended the license for the project to provide, among other things, for the inclusion in the license of the Gerle and Robbs Peak diversion dams and reservoirs, located respectively on Gerle Creek and South Fork of Rubicon River, and a canal leading from Gerle reservoir to Robbs Creek Peak reservoir, and by Article 49 of the license, added by said order, reserved the right to determine at a later date revised minimum releases for fish conservation and other purposes below the Gerle and Robbs Peak diversion dams.	January 10, 1961	FEDERAL POWER COMMISSION		

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	17	1	Order Approving Revised Project Exhibits and Adjusting Authorized Installed Capacity ~ The new filings would revise the Exhibits L and M now parts of the project license to: increase the authorized capacity of the Union Valley power plant from 18,000 kilowatts to 35,000 kilovolt-amperes (or 33,250 kilowatts); to definitely locate the powerhouse; and to accomplish slight realignment of the power tunnel serving the powerhouse.	February 13, 1961	FEDERAL POWER COMMISSION	A very dark line in the middle of the copy.	
1	18	1	Notice Of Application For Amendment of License ~ For further amendment of its license for water-power Project No. 2101 - to change the proposed Loon Lake dam on Gerle Creek from rock-fill concrete-faced type to rock-fill type with impervious core, and to increase the dam height by approximately 19 feet so as to form a reservoir with storage capacity of 76,500 acre-feet at normal maximum operating elevation 6410 feet.	March 1, 1961	FEDERAL POWER COMMISSION		
1	19	1	Order Extending Time For Completion of Construction ~ Application was filed March 3, 1961 for extension to July 1, 1961, of the time specified in Article 25 of the license for the project for completion of construction of Stage I.	April 4, 1961	FEDERAL POWER COMMISSION		
1	20	1	Order Approving Revised Project Exhibits ~ On May 31, 1961 SMUD filed for Commission approval revised Exhibit K drawing for the proposed Gerle Diversion and, pursuant to Article 26 of the license for the project, revised Exhibit L drawings for Gerle Creek dam.	July 14, 1961	FEDERAL POWER COMMISSION	A very dark line in the middle of the copy.	

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	21	2	Order Further Amending License (Major) ~ Application was filed February 9, 1961 for further amendment of the license for the project: (1) enlarge Loon Lake dam and change it from rock fill with concrete face to rock fill with impervious core; (2) redesign the spillway to increase its crest length from 100 feet to 250 feet; (3) increase the capacity of Loon Lake reservoir by 28,500 acre-feet (from 48,000 acre-feet to 76,500 acre-feet); and (4) increase the tentative project area for the reservoir to 1,866 acres of which 311 acres are patented land and 1,555 acres are lands of the U.S. within Eldorado National Forest.	October 5, 1961	FEDERAL POWER COMMISSION	A very dark line in the middle of the copy.	
1	22	2	Order Permitting Withdrawal Of Joint Protest And Petition To Intervene And Rescinding Order Permitting Intervention ~ On May 20, 1960, County of El Dorado and El Dorado County Water Agency filed a joint protest and petition for leave to intervene in a proceeding involving an application for license filed by SMUD - Prior to our action on the above-mentioned joint protest and petition, District requested that its application for Project No. 2155 be considered an application for amendment of its license for Project No. 2101.	March 21, 1962	FEDERAL POWER COMMISSION		
1	23	1	Order Approving Revised Exhibit L Drawings ~ The principal changes shown on the revised drawings are a redesign of the spillway at the Loon Lake Dam from a straight overflow type to a side channel type discharging into Gerle Creek near the toe of the dam, and elimination of berms in the dam design.	April 20, 1962	FEDERAL POWER COMMISSION	A very dark line in the middle of the copy.	

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	24	4	Order Issuing Joint License (Major) ~ Joint application was filed on January 22, 1962 by SMUD and PG&E to authorize construction of the Chili Bar dam, reservoir and powerhouse on South Fork of the American River. The joint application was amended by the filing by District of revised Exhibits K and L.	August 28, 1962	FEDERAL POWER COMMISSION	A very dark line in the middle of the copy.	
1	25	2	Order Further Amending License (Major) ~ On February 12, 1962, March 19, 1962, and March 28, 1962, respectively, requests were filed for the amendment of Articles 28 and 53 of SMUD's license for major Project No. 2101.	September 19, 1962	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	26	2	Order Approving Project Exhibits ~ On February 1, 1962 SMUD filed for Commission approval Exhibit K maps and revised Exhibit L drawings for the Upper Rubicon development of the project.	September 28, 1962	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	27	1	Order Extending Time For Completion Of Construction ~ Application was filed August 27, 1962 for an extension of time from February 28, 1963 to July 1, 1963 within which to complete construction of Stage II of the project.	October 24, 1962	FEDERAL POWER COMMISSION		
1	28	3	Order Further Amending License (Major) ~ Application filed March 21, 1960 supplemented and amended May 13, 1960, October 23, 1961 and May 16, 1962 for further amendment of its license for the project to include thereunder proposed project works to be known as the White Rock Division.	October 31, 1962	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	29	1	Order Waiving Penalty For Delinquency In Payment Of Annual Charges ~ On January 15, 1963, a statement of the annual charges for the period May 1 through December 31, 1961 was mailed to SMUD - Payment of the charges was made by the licensee on February 21, 1963. Licensee requested waiver of penalty for failure to pay the charges within 30 days.	April 22, 1963	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	30	2	Order Modifying License Article and Extending Time For Completion Of Construction ~ A request on July 3, 1963 for a further extension of time from July 1, 1963 to January 1, 1964 for completion of the construction of Stage II of the project and (2) a request on June 14, 1963 for modification of Article 28 for the project to reflect the provisions of a Memorandum of Understanding, dated June 3, 1963 between SMUD and the U.S. Forest Service relative to the removal and flush-cutting of tree stumps within the Ice House and Gerle Creek reservoirs of the project.	August 27, 1963	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	31	2	Order Further Amending License (Major) ~ Application was filed on June 10, 1963 and supplemented on August 1, 1963 - the application seeks to include in the license the proposed Robbs Peak Powerhouse with an installed capacity of 25,000 kilowatts in one generating unit on the shoreline of the completed Union Valley reservoir, and a penstock extending from the outlet portal of the completed Robbs Peak tunnel to the proposed powerhouse.	February 28, 1964	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	32	2	PACIFIC GAS & ELECTRIC COMPANY AND SACRAMENTO MUNICIPAL UTILITY DISTRICT ~ Order Approving Headwater Benefits Agreement	March 17, 1964	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	33	2	Order Approving Revised Project Exhibits and Adjusting Authorized Installed Capacity ~ On July 23, 1963 SMUD filed for commission approval revised Exhibits K, L, and M pertaining to the tunnel, penstock, and power plant at the White Rock Division of the project.	March 23, 1964	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	34	1	Order Approving Revised Exhibit L Drawings ~ On March 22, 1965 SMUD filed for Commission approval revised Exhibit L drawings showing the final design for the Slab Creek Dam. The filing was pursuant to Article 26 of the license.	April 12, 1965	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	35	1	Order Approving Revised Project Exhibit ~ On May 12, 1964 SMUD filed for Commission approval Exhibit K-28 together with a 9-page typewritten supplemental metes and bounds description entitled "Exhibit K-28 (Supplement) Project No. 2101 Slab Creek Reservoir Proposed Project Boundary."	April 21, 1965	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	36	1	Order Approving Supplemental Project Exhibit L Drawings ~ On August 6, 1965 SMUD filed for Commission approval Exhibit L drawings showing construction details for the Slab Creek dam and White Rock Tunnel intake of its Project No. 2101.	October 5, 1965	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	37	2	Order Approving Project Exhibits and Adjusting Authorized Installed Capacity and Annual Charges ~ On April 4, and May 24, 1966 SMUD filed for Commission approval Exhibit M-6 and revised Exhibit L drawings.	July 21, 1966	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	38	1	ERRATUM NOTICE ~ Order Approving Project Exhibits And Adjusting Authorized Installed Capacity And Annual Charges (Issued July 21, 1966)	August 25, 1966	FEDERAL POWER COMMISSION		
1	39	1	Order Approving Revised Project Exhibit L Drawings ~ On August 3, 1966 SMUD filed for Commission approval revised Exhibit L drawings relating to the Camino and White Rock developments of the project.	December 5, 1966	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	40	2	Order Further Amending License (Major) ~ Application was filed on July 14, 1966 by SMUD for further amendment of its license - the application seeks Commission authorization to complete the Loon Lake Development on Gerle Creek by the installation of hydroelectric facilities having a capacity of 80,750 kw.	May 15, 1967	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	41	1	Order Further Amending License For Partly Constructed Project ~ On September 3, 1964 SMUD requested the deletion of the requirement that it construct Ice House tunnel as part of that project. Article 25 (c) of the license requires completion of the tunnel by August 27, 1964.	May 27, 1968	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	42	1	Order Modifying License Order ~ On May 10, 1968 SMUD filed an application seeking deletion of Article 58 of its license and authorization to retain as a permanent part of the project works the diversion channel mentioned in the article.	November 8, 1968	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	43	2	Order Further Amending License (Major) ~ On November 3, 1967 SMUD filed an application for amendment of its license for Project No. 2101. The Exhibits K and L drawings filed by SMUD show and describe the proposed Brush Creek dam and reservoir, as contemplated in license Article 44 as amended.	February 25, 1969	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	44	2	INSTRUMENT NO. 34 ~ Order Extending Time For Completion Of Construction Of The Loon Lake Powerhouse Development Of The Project	September 8, 1969	FEDERAL POWER COMMISSION		
1	45	1	Order Amending License ~ On June 23, 1969 SMUD filed an application seeking amendment of the license to delete the provision that the Jones Fork power plant and Ice House tunnel be constructed.	February 11, 1970	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	46	1	Order Approving Exhibit K Drawing For Project ~ On April 2, 1969 SMUD filed for Commission approval an Exhibit K drawing showing the location of the access road, the power line right-of-way, and the tunnel; all associated with the Brush Creek reservoir.	March 31, 1970	FEDERAL POWER COMMISSION	Dark line in the middle of the copy & on the end.	
1	47	2	Order Approving Exhibit L Drawings For Project ~ On September 30, 1969 SMUD filed for Commission approval two groups of Exhibit L drawings to be made part of the license. One group is composed of "as-built" drawings of the Robbs Peak Dam and the other group shows the proposed modification of Robbs Peak Dam spillway to include bulkhead gates.	June 16, 1970	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	48	1	Order Approving Revised Exhibit L Drawings For Project ~ On December 18, 1970 SMUD filed revised Exhibit L drawings depicting proposed modifications to the Union Valley Dam and spillway.	April 12, 1971	FEDERAL POWER COMMISSION	Dark line in the middle of the copy.	
1	49	3	Order Approving Exhibit K Drawings For Project And Modifying License ~ The "as-built" Exhibit K drawings depict approximately 100 miles of transmission lines which were installed as the various developments within the project were constructed.	August 2, 1971	FEDERAL POWER COMMISSION	Dark line in the middle and the end of the copy.	
1	50	2	Notice Of Application For Approval Of Exhibit R For Constructed Project.	October 26, 1972	FEDERAL POWER COMMISSION		
1	51	2	Motion Of Commission Staff For Prehearing Conference	January 23, 1973	FEDERAL POWER COMMISSION	Dark spots in copy.	
1	52	2	Notice Of Application For Approval of Revised Exhibit K.	March 27, 1973	FEDERAL POWER COMMISSION		
1	53	8	Order Providing For Hearing ~ SMUD seeking Commission approval of two separate land transfers of project property.	November 26, 1973	FEDERAL POWER COMMISSION		

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	63	5	Order Ruling On Motion For Reconsideration ~ On February 25, 1969, the Commission issued an order amending the license by approving the development of the Brush Creek dam and reservoir. In addition, the Commission approved a minimum release schedule.	November 20, 1974	FEDERAL POWER COMMISSION		
1	64	1	Notice Of Certification Of Settlement Agreement ~ On October 8, 1974, the Presiding Administrative Law Judge certified to the Commission a proposed settlement agreement concerning two separate transfers of lands within the project boundary. SMUD has pending before the Commission an application involving the two transfers.	April 17, 1975	FEDERAL POWER COMMISSION		
1	65	3	Order Approving Settlement Agreement ~ This proceeding involves two separate transfers of project lands of UARP No. 3202. An application for Commission approval of these transfers was filed on January 23, 1973.	July 3, 1975	FEDERAL POWER COMMISSION	Dark line in middle of copy.	
1	66	2	Finding And Order Vacating Land Withdrawals Under Section 24 Of The Federal Power Act ~ Lands Withdrawn in Power Site Classification No. 178 and Project Nos. 424 and 2101 - In order to effectuate a proposed land exchange, the U.S. Forest Service has requested the revocation of Power Site Classification No. 178 and the withdrawals for Project Nos. 424 and 2101, thereby requiring Commission consideration under Section 24 of the Federal Power Act.	December 19, 1976	FEDERAL POWER COMMISSION		Docket #DA-1123- California U.S. Forest Service

PROJECT 2101 LICENSE - FERC ORDERS

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
1	67	2	Notice Of Application For Amendment Of License ~ Public Notice is hereby given that an application was filed on July 15, 1977, which would delete Article 55 from the License - Article 55 provides for the dumping of waste material from the Camino Powerhouse excavation in such manner as to provide for a parking area and boat landing ramp.	December 30, 1977	FERC		
1	68	2	Order Amending License ~ According to the Forest Service, the requirements of Article 55 have been fulfilled - Although the requirements of Article 55 have not been fulfilled in the prescribed manner, it is concluded that the action completed by the Licensee does satisfy the spirit of Article 5. However, rather than deleting Article 55, as requested, it is more appropriate to amend the article to provide for a boat launching site at the alternative location where one has actually been constructed.	January 16, 1979	FERC		
1	69	5	Order Approving As-Built Exhibits L and M, Adjusting Authorized Capacity and Revising Project Description ~ The as-built Exhibits L and M were submitted pursuant to Article 5 of the license, which requires the Licensee to file revised exhibits upon the completion of project construction.	June 21, 1979	FERC		
1	70	3	Order Approving As-Built Exhibits J and K and Revising Annual Charges ~ Submitted on November 2, 1976, and supplemented on August 16, 1979, and February 20, 1980, an application for Commission approval of as-built Exhibits J and K. SMUD also submitted a corresponding Exhibit F.	July 8, 1980	FERC

1	71	3	Order Amending License ~ On August 13, 1979 SMUD filed an application for amendment of its license for the constructed UARP 2101. SMUD proposes to construct a 400-kw capacity powerhouse on the downstream face of its existing Slab Creek Dam. Power would be generated by using fishwater releases from the Slab Creek Reservoir.	September 10, 1980	FERC		
1	72	2	Order Approving Flow Releases ~ On February 27, 1981 SMUD filed the results of studies conducted on the South Fork of the American River, and for Commission approval a proposed monthly fishwater release schedule, pursuant to Article 70 of the amended license for the Slab Creek Hydroelectric project. Article 29 of the license requires minimum flow releases from Slab Creek Dam.	May 18, 1981	FERC		
1	73	1	Notice Of Application For Amendment Of License ~ SMUD filed on May 4, 1981, an application for amendment of its license for the proposed Jones Fork Development.	July 2, 1981	FERC		2101-008
1	74	4	Letter to Kenneth F. Plumb, Secretary, Federal Energy Regulatory Commission regarding an Amendment Of The License By Adding Article No. 73.	November 3, 1981	SMUD / FERC		
1	75	5	Order Amending License ~ On May 4, 1981 SMUD filed an application for amendment of its license. Applicant proposes to add a Jones Fork Development to the project.	April 28, 1982	FERC		2101-008

1	81	1	Notice Of Availability Of Environmental Assessment And Finding Of No Significant Impact ~ In accordance with the National Environmental Policy Act of 1969, the Office of Hydropower Licensing, Federal Energy Regulatory Commission, has reviewed the application for major licenses listed and has assessed the environmental impacts of the proposed developments.	August 6, 1986	FERC		2101-013
1	82	1	ERRATA NOTICE ~ Order Approving "As-Built" Exhibits Issued July 18, 1986 - The name of the project should read "Upper American River Project".	September 23, 1986	FERC		2101-016
1	83	2	Order Approving Revised Exhibit R ~ SMUD filed with the Commission for approval an Exhibit R, recreation plan, on June 1, 1982, which it supplemented on January 31 and May 6 3, 1985. Notice of the application was issued and comments were received from interested federal, state and local agencies.	June 5, 1987	FERC		2101-011 and -013
1	84	1	Order Approving Amendment To Exhibit "R" ~ On May 11, 1988 SMUD filed for approval an application to amend the projects Exhibit R (recreation plan). The licensee states that since the recreation plan was approved on June 5, 1987, the Forest Service (FS) has discovered that a major portion of the land for the approved recreational facility No. 424.0 (the Highland Self-Contained Campground) is owned by Michigan-California Lumber Company.	June 30, 1988	FERC		2101-018

1	85	1	Order Amending License Articles 28 and 54 ~ On August 8, 1989 SMUD requested the Commission amend license articles 28 and 54. Article 28 requires, among other things, that the licensee remove and dispose of floating debris and excessive accumulations on the shoreline of all new reservoirs prior to June 1 of each year. Article 54 requires the licensee to construct approximately three miles of standard drift fence to exclude livestock from the recreation area at Loon Lake Reservoir.	October 27, 1989	FERC		2101-023 & 2101-024
2	86	97	FPC/FERC License Orders 1957-1999 Summary Description ~ FERC Docket Sheets and Related Records / FERC Master Docket - UARP	1957 - 1999	DUKE ENGINEERING - and- FERC		
2	87	1	Order Granting Extension Of Time ~ The licensee for the Upper American River Project has requested an extension of time to comply with article 64 of the license.	August 17, 1990	FERC		2101-027
2	88	1	Public Notice ~ Amended Preliminary Permit - Dated filed: February 21, 1991; Amended March 12, 1992.	April 6, 1992	FERC		11092-000
2	89	2	Order Approving Revised Exhibit M And Revising Annual Charges ~ On February 20, 1992, SMUD filed a revised as-built exhibit M. SMUD submitted the exhibit to correct the installed capacity authorized in the Order Amending License.	May 12, 1992	FERC	Dark line on the side of the copy.	2101-032

2	90	2	Order Issuing Preliminary Permit ~ On March 12, 1992, SMUD filed an amended application for preliminary permit under section 4(f) of the Federal Power Act for the proposed Upper American River Project. The purpose of any preliminary permit is to maintain priority of application for a license during the term of the permit while the permittee conducts investigations and secures data necessary to determine the feasibility of the proposed project and prepares an acceptable application for license.	May 19, 1992	FERC		11092-000
2	91	2	Compliance Order ~ In a letter dated November 25, 1992 the Director, Division of Project Compliance and Administration (Director), requested that the licensee, SMUD, provide information regarding two incidents of turbid water release at the UARP. Article 57 of the project license requires the licensee to prevent the entry into the streams below each development of any unnatural discharges of silt, gravel, or other substances that would be deleterious to fish and wildlife or their habitats.	March 31, 1992	FERC		2101-034
2	92	1	Order Granting Rehearing for Further Consideration and Denying Stay ~ On April 30, 1993, SMUD filed a timely request for rehearing of the order issued March 31, 1993, finding that Sacramento had violated Article 57 of it license for the UARP. The Division Director required Sacramento to file, within 45 days, a plan for implementing operational changes necessary to prevent future violations of Article 57 concerning sediment discharges into streams below the project developments.	June 1, 1993	FERC		2101-036

2	93	2	Order Amending Recreation Plan Implementation Schedule ~ On March 7, 1994 SMUD filed a request to amend the implementation schedule for its recreation plan- Phase 2. The recreation plan was approved in an order issued June 5, 1987.	April 12, 1994	FERC		2101-042
2	94	2	Order Amending License And Revising Annual Charges ~ On June 23, 1995, SMUD filed an application for amendment of the license. The licensee requested the Commission to amend the license to reflect the actual project installed rating following an upgrade at Camino Unit No. 1.	August 1, 1995	FERC		2101-044
2	95	1	Notice Of Effective Date Of Withdrawal Of Request For Rehearing ~ On April 30, 1993 SMUD filed a timely request for rehearing of an order issued March 31, 1993. In a letter issued November 7, 1995, the Division Director concluded, after reexamination of the available information, that the two incidents of siltation did not constitute violations of Article 57 and removed the violations from the compliance record of the project.	December 4, 1995	FERC		2101-036
2	96	2	Order Approving Temporary Modification Of Required Flow Releases ~ On April 29, 1996 SMUD requested approval to reduce the minimum flow required by article 29 of the project license. The licensee requests the reduction so that El Dorado Irrigation District (EID) can lay a section of pipe under the river channel. The pipe would carry water that is not related to project operation.	July 3, 1996	FERC		2101-048

2	97	3	Order Approving Temporary Modification Of Required Flow Releases ~ On March 7, 1997, SMUD requested approval to reduce the minimum flow required by article 29. The licensee made a similar request in 1996, which was approved, but the licensee was unable to carry out the work because of problems at the site.	June 16, 1997	FERC		2101-050
2	98	5	Order Approving Recreation Plan Amendment ~ On September 15, 1997 SMUD filed a request to amend the recreation plan. Specifically, the filing requests approval of revised Phase III and Phase IV facilities.	May 15, 1998	FERC		2101-054
2	99	7	Order Amending License And Revising Annual Charges ~ On July 30, 1997 SMUD filed an application to amend its license. SMUD's filing requested the Commission to amend the project's authorized capacity to reflect the best gate rating of the project's turbines.	September 15, 1998	FERC		2101-052
2	100	3	Notice Of Amendment Of License ~ The licensee filed an application to amend the license to install new, high efficiency turbine runners in its White Rock #1 and #2, and Camino #1 powerhouses, in conjunction with scheduled maintenance work at the units.	September 16, 1998	FERC		2101-059
2	101	6	Order Amending License ~ On September 15, 1998 SMUD filed an application for amendment of license to upgrade three of the project's generating units: White Rock #1 and #2, and Camino #1.	October 26, 1998	FERC		2101-059
2	102	3	Order Approving As-Built Exhibit L Drawings ~ On October 28, 1997, SMUD filed as-built Exhibit L drawings showing minor changes to the gate structures at the Buck-Loon tunnel intake.	December 8, 1998	FERC		2101-055

BOOK #	DOC. #	#PAGES	DESCRIPTION	DATE	ORIGINATOR	COMMENTS	DOCKET #
2	103	1	Order Granting Extension Of Time ~ The licensee for the Upper American River Project has requested an extension of time to comply with ordering paragraph (B) of the Order Approving As-Built Exhibit L Drawings, Issued on December 8, 1998. Paragraph (B) requires the licensee to file three original sets of aperture cards of the approved drawings by March 8, 1999.	May 25, 1999	FERC		2101-060
2	104	4	Order Modifying And Approving Request For Temporary Reduction Of Required Flow Releases ~ On July 6, 1999 SMUD requested Commission approval to temporarily reduce minimum flows required by article 29. The licensee requests these reductions as part of a plan to draw down the project's Camino Reservoir in implement sediment removal.	August 19, 1999	FERC		2101-064
2	105	2	Order Amending Schedule For Temporary Reduction Of Flow Releases ~ On September 30, 1999 SMUD requested that the commission amend its August 19, 1999 order approving the licensee's plan to temporarily reduce the minimum flows required by article 29. The licensee's original plan to reduce minimum flows, filed July 6, 1999, asked for approval of a reduction in flow releases as part of an effort to remove, during a scheduled reservoir draw down, large deposits of sediment from the project's Camino Reservoir.	October 25, 1999	FERC		2101-065
2	106	5	Order Amending License And Revising Annual Charges ~ Pursuant to ordering paragraph (E) of the October 26, 1998 Order Amending License, SMUD notified the Commission on August 31, 1999 of the start of construction and requested an amendment of license.	January 11, 2000	FERC		2101-066
