Subject: UARP Relicensing - upcoming Socioeconomic TWG meetings

Dear Socioeconomic Technical Working Group Participants,

For your information, the following describes our upcoming Socioeconomic TWG meetings:

September 26: 9:00 am to 12:00 pm, Forest Service Supervisor's Office, Large Conference Room, Side A. The purpose of this meeting is to develop the objectives for the socioeconomic evaluation for the reach downstream of Chili Bar Dam. The following issue questions, among others, form the foundation for this discussion: What are the socioeconomic benefits (direct, indirect and induced) and costs of the UARP to El Dorado County and the Region? What are the effects (local and regional) of Project operation on whitewater boating-associated businesses in the 20-mile reach below Chili Bar? (please note this is a change in meeting time.)

October 22: No Meeting. This date was tentatively reserved, however, several participants are unable to meet on this day.

November 12: 1:00 pm to 4:00 pm, SMUD's Customer Service Center, Sequoia 2 & 3. The objectives of this meeting are: (1) review the results of the Socioeconomic Impact Study with a presentation by Dr. Deepak Chhabra and Dr. Robert Fountain, (2) review status of Reoperation Study and specifically Term 91 aspects of that study per the request of Chris Williams.

Sincerely,
Joe
